*"These catchy and clear produced tracks make me think of Moloko, Lamb en Roni Size."
(Miguel Tannhauser, LiveXS)*

Island Café has been created by a group of talented musicians. The turntablism skills of DJ Reemster and the fascinating voice of Mary Anne add a special flavour to the irresistible beats. Fans write: "your music is sexy and seductive, hot and unique."

After a successful debut at The Affaire Festival in Juli 2008 the band launched a "blitzkrieg career" (Quote 3voor12) in the regional scene. Wax `n` Wane reached the Top 5 of popular newcomers of Dutch magazine LiveXS. The band won a tour around prestigious Dutch venues like Paradiso Amsterdam, 't Paard and Luxor. Record companies were showing interest. April 2010 the band got a distribution and publishing deal with DistributionLabel.com.
